

# Lunchtime Learning

an AIA San Diego CES program

## 2008 Title 24 Energy-efficiency Standards

**DATE:** Wednesday, October 10, 2007

2nd  
Wednesday  
of month!

**TIME:** 12:00 - 1:30 p.m. (Lunch served at 11:45a.m.)

**PLACE:** Cavignac & Associates, 450 B Street, Suite 1800,  
Downtown San Diego (enter building from A Street)

**ABOUT:** Explore new aspects of the 2008 standards, which the California Energy Commission will be implementing in the first quarter of 2009. Topics will include changes to outdoor lighting standards, new lighting requirements, new daylighting requirements, more widespread applications of cool roofs, stricter residential glazing requirements, as well as numerous measures targeted at demand reduction.

- Get the guidance you need to meet the design challenges of the 2008 Title 24 energy-efficiency standards.
- Learn how these changes will affect your commercial new construction projects.

Find out about energy-efficiency incentive opportunities available through Savings By Design for your current needs.

**BY:** **Martyn Dodd**, principal of Energy Soft, LLC in Novato, California, is an industry expert in performance-based building analysis. He has written software programs that have been used in California for Title 24 energy code compliance since 1985, including EnergyPro, COMPLY 24 and Perform 2005. He also is one of the original authors of the 1992 Nonresidential Alternative Calculation Method Manual, which defines the rules for code compliance software and has become the model for national and international code compliance software procedures.

**COST:** AIA Members FREE, Non-Members \$10

**CE UNITS:** 1.5 AIA HSW/CES LUs (automatically recorded for members by chapter)
